

CONOR LEE TO RELEASE NEW SINGLE, CANDYLAND

Single Release Performance at Aster Cafe Saturday, October 21st at 9 PM.

Minneapolis-based guitarist Conor Lee is set to release a new single “Candyland” **Friday, October 20th.**

Conor Lee is an active sideman and guitarist for a variety of different performing groups in the Minneapolis music scene. When he’s not supporting other musicians, Conor is writing and performing his own music. Blending alternative rock with lush soundscapes, jazz influenced melodies, and dance floor drum grooves, Lee’s music explores themes of nostalgia, soul searching, and navigating hardship.

Described as having an “emo cowboy aesthetic” by track producer Evan Geiger, “Candyland” is a culmination of guitarist Conor Lee’s musical past and present. While navigating a paralyzing period of burnout, Conor was on a quest to fall back in love with music again. Desperate for a remedy, Conor began to revisit the music from his formative years and was able to rediscover what made him want to become a guitarist all over again. Candyland is a unique sonic playground where alternative rock, spaghetti western, EDM, and jazz harmony meet in a unified coexistence. Spooky, adrenaline-fueled, and child-like, “Candyland” is a place we go to feel like a kid again.
